VLCC Non-Restricted* Fleet Laden/Ballast Ratio

Source: Clarksons & Baltic Exchange. Data up until 05/10/2026. * The "Restricted" fleet is defined here as including vessels that are: 1. Subject to US secondary sanctions; 2 Iranian, North Korean and Syrian owned or flagged; 3. Venezuelan state and non state-owned; 4. G7 and EU primary sanctioned; 5. Russian state-owned and flagged; 6. Cuban owned and flagged; 7. Part of the Dark Fleet. The Dark Fleet for these purposes is defined as consisting of vessels believed to be hiding their beneficial ownership suspected to be Russian or Iranian owned that have engaged in potentially illicit behaviours such as: 1. AIS deactivation in sanctioned zones; 2. AIS spoofing; 3. Name and flag hopping; 4. Suspicious STS and atypical behaviours; 5. Sanctioned port calls.
